

YOUR EYES ARE THIRSTY

for encounters and reunions

and Ozean by Avizor provides the wettability and long-lasting relief¹ they need so that they are never tired of looking at the world.

Prolonged relief of symptoms of ocular dryness and eye fatigue¹.

Improves the stability and volume of the tear film¹.

For adverse environmental conditions¹.

OZAN®

LONG LASTING COMFORT

OZAN is indicated for prolonged relief of symptoms of **ocular dryness** and other discomforts such as stinging, itching, burning, **eye fatigue** or sensation of presence of foreign body.

These discomforts are induced by various factors: dust, smoke, dry environments, air conditioning, prolonged use of digital screens or the use of contact lenses, among others

Cycarthyn®: biotechnological component that improves tear stabilization and secretion.

Hypromellose: provides mucoadhesive properties: it acts as a lubricating and viscosifying agent.

Essential Electrolytes (Ca, K y Mg): Helps maintain functions in the eye.

Preservative	Active Molecules	Viscosity	Osmolarity	Lifetime	Size
NO	Cycarthyn® 0.065gr Hypromellose 0.24gr Essential electrolytes	3-5 cP Similar to tear	220 mOsm/L Hypotonic	90 Days	MD: 10ml
